Summary

Final-year Computer Engineering student at the University of Tehran and research intern at EPFL, working on language-model reasoning, distillation, and model cognition.

Education

B.Sc. **University of Tehran**, Computer Engineering — Tehran, Iran
- Expected graduation February 2027. — Sept 2022 – Feb 2027
- GPA: 18.97/20; rank: 4/120.

Experience

EPFL, NLP Lab, Research Intern — Lausanne, Switzerland
- Supervisor: Prof. Antoine Bosselut. — Aug 2026 – present
- Studying student behavior and reasoning during language-model distillation. — 3 months

TeIAS, LLM Lab, Researcher — Tehran, Iran
- Co-developed PerSo and evaluated 15 model configurations across five families. — June 2025 – July 2026, 1 year 2 months

University of Tehran, Human and Robot Interaction Lab, Researcher — Tehran, Iran
- Developed learning-based 3D sound source localization; published at ICRoM 2024. — June 2024 – Dec 2024, 7 months

Languages

- English: Advanced, IELTS 8.5/9.
- French: Elementary; DELF A1 95/100.
- Persian: Native.

Awards

- Summer@EPFL, EPFL — competitive, fully funded research internship program (August 2026).
- Rank 16, Iran National Student Olympiad in Computer Science (July 2025).
- Rank 75/150,000, Iran National University Entrance Exam, Mathematics and Physics (June 2022).
